Important Notes for Students

a) You will be given access to Moodle after your orientation. Please follow the study plan in your handbook (Diploma Hub on Moodle) to choose your courses for the next terms. Please refer to step 4.1.2 to choose the correct courses for this term according to your specialisation. If you are not sure about your specialisation, please email us at DiplomaEnquiry@unswglobal.unsw.edu.au as soon as possible and we will be able to help you.

b) Please check your specialisation and your stream to enrol in the correct courses. Choosing an incorrect course could mean that this course will not count towards your Diploma. If you choose courses that vary from the courses listed in step 4.1.2, you may not be able to enrol in Term 1 2022.

c) If a course is full, you can still enrol by joining the waitlist. We will review your request and update it in myUNSW. If we can’t enrol you in that course we will let you know to choose an alternative course.

d) You will be able to view your timetable by clicking on “Class timetable” (see below) after you have completed class registration for all courses. Please check your timetable every week as some weeks might have more or less activities for a course.
e) If you want to change your classes; you need to go through Step 7 again and select the classes you would like to register for. If you don’t choose classes for all components for a course, or have a RED clash (NOT permitted clash - two classes at the same time; ORANGE clash is permitted); you will not be able to register for that course. **STEM courses are allowed to have a Lecture clash (Lecture and any other activity/component at the same time)**

f) You can check your class group numbers from your Enrolment Basket by clicking the dropdown arrows. **Your Moodle page will be updated after 24-48 hours of successful class registration.**
