As an U18 student at UNSW Global, we have everything you need to feel safe and supported as you transition to living in Sydney – Start your independence with confidence while living on campus or close by. This guide is intended to help you find an accommodation option that is best suited to making you feel most at home while you study with us.

If you are under 18 and will be living in Australia without your parent or guardian, you will need a Confirmation of Appropriate Accommodation and Welfare (CAAW) from UNSW Global. Before you can be issued with CAAW you must book your accommodation with one of the UNSW Global Approved U18 Accommodation Providers below.

**Student Residence: Living on Campus**

Living on or near campus is our recommended option for U18 students - not only are you really close to campus (which is a bonus when classes start early in the morning) but living on campus is welcoming and safe. You will be living with other UNSW students and have access to designated support staff. There are a range of cafes and restaurants, a supermarket and campus facilities and services including, a gym, pool, medical centre, counselling facility, and world class university facilities to help you thrive.

• Applications are now open for 2023  
• You can choose from 6 and 12 month contracts |
Homestay is a popular option for students who wish to experience living with a local family. In a homestay, you will have your own room in a family home which must be fully furnished to include a bed, wardrobe, and your study desk. All your meals and utility bills are included in your weekly homestay fees.
