UNSW is on Aboriginal land.
UNSW acknowledges the Bedegal, Gadigal and Ngunnawal people who are the Traditional Custodians of the land upon which our campuses stand.
Uncover your potential with UNSW Sydney

UNSW Global, owned by UNSW Sydney, offers pathway programs for international students like you. Our programs make your transition to any degree at UNSW easy, whether you choose to study at the Sydney campus, in your home country or online. You can master important academic and English language skills, and get practical experience and personal support to make the most of your university studies.

When you progress to UNSW, you will be part of a world-leading university recognised by employers, organisations and governments around the globe. You will discover and grow your strengths through life-changing experiences and inspirational mentoring from world-renowned academics. We’re here to support you on your journey to a world-class education, and help build the foundations for a successful global career.

Discover the possibilities with UNSW Global

Our market-leading university pathway options help improve your academic and English skills. To find out which program suits your needs, see page 12.

UNSW Global

1st
Foundation Studies Program and university language centre in Australia.

Over 40,000 graduates from our Diploma and Foundation Studies Programs, enjoying success at university and in their careers.

Over 50 years of experience in language teaching and preparing students for university.

UNSW Sydney

Top 50
Ranked 43rd university globally.
(QS World University Rankings, 2022)

Employable graduates
 Ranked 1st in Sydney & NSW and 27th in the world for Employer Reputation.
(QS Graduate Employability Rankings, 2020)

Global connections
Ranked 21st most international university in the world for number of international students, staff and scholar collaboration.
(Times Higher Education Rankings, 2021)

For a list of all our programs and delivery modes, see page 15.
Become an employable graduate

From pathways to your degree and beyond, UNSW is career-focused education. From the very first step we equip you with skills, opportunities and support so you can excel well into your future. That’s why our graduates now work with some of the most enviable employers and global organisations, such as Google, Unilever, Ernst & Young, Microsoft, Rio Tinto, HSBC, Slater & Gordon, NASA, UNESCO and Oxfam.

UNSW prepares you for lifelong career success

Develop your flexible, long-term career plan
Studying at UNSW you can turn to our experts for professional advice and learn how to seize opportunities throughout your career. We will help you:
• Recognise and build on your professional strengths.
• Identify your opportunities and plan a career path.
• Think critically and creatively for lifelong career success.

Make an impact with employers
Your knowledge, skills and experience combine to demonstrate why a company should hire you. You will learn how to express your professional best with:
• Internships and practical experiences integrated into your studies.
• Development of a strong online presence, as well as improved résumé and cover letter writing skills.
• The ability to understand and respond to complex interview questions.

Connect with mentors to support your success
With professional development woven into your studies, you will be inspired by influential people and build networks with future employers. Take advantage of:
• Personalised career mentoring that offers connections, support and insights.
• Introductions to exciting companies at industry networking events.
• Internships and experiences that build your confidence and reputation.

You can make this happen
UNSW Careers supports you with expert personalised career planning, mentoring and job-seeking skill development.

Make a difference in the world in the health industry by studying medicine, medical research and diagnosis, disaster relief, or exercise therapy. Find hands-on, career-focused learning with UNSW Medicine & Health.

Find the right degree for you on page 44.
**Welcome to Sydney**

Sydney is great, and that’s not just according to us. It’s rated as the third most liveable city in the world*. And we’re known as one of the most diverse and inclusive cities in the world – made up of global citizens. We appreciate the difference you bring, and we look forward to welcoming you.

Sydney is more than just a pretty face. It offers countless business and career opportunities – it’s Australia’s financial and economic powerhouse. There’s always something to do in Sydney, and UNSW is right in the heart of it all.

**Come join us.**

* Economist Intelligence Unit’s Global Liveability Index, 2019

---

**Feel safe and welcome**

G’day. Hello. Hi. How’s it going? Aussies are known for being friendly, and you will find a smile whenever you go. Feel safe and welcome as you join our vibrant and multicultural communities all over Sydney that span social, religious and cultural collectives.

Sydney has been ranked one of the safest cities in the world**. You can feel secure and safe about your choice to live here. It will feel like a home away from home, no matter where you’re from. And the best bit about our multicultural city? The food. Explore Chinatown, Spice Alley, Little Italy and an array of fresh food markets all within easy reach. Who knows what new treats you could discover?

**Jumpstart your career connections in the business capital of Australia**

Sydney is home to more global firms than any other Australian city. As a gateway to Asian economies, you will find many valuable networking opportunities to help you stand out in the global job market. With UNSW’s career support services, you will feel confident about establishing new professional networks.

---

**Sydney on a budget**

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Visit a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in one of our neighbouring suburbs. Feel confident to try new hobbies with lots of UNSW student social clubs to join.

**Explore Sydney’s surroundings**

Sydney is all about the outdoors. And it’s more than just beaches. Head to one of our beautiful parks for an outdoor picnic with friends. If you want to go further afield, the Blue Mountains to the west of Sydney, the Royal National Park to the south or stunning Palm Beach in the north are great for a getaway. Don’t forget our beautiful beaches are minutes from the UNSW Sydney campus. Fall in love with Sydney when you study in the heart of it.

Discover more at [whatson.cityofsydney.nsw.gov.au](http://whatson.cityofsydney.nsw.gov.au)

---

**Take a break from the books**

There’s always something fun and exciting happening in Sydney – from concerts at the Opera House, to free events including Vivid light and musical festival, Chinese New Year celebrations and the multicultural Parramasala. Join a beach volleyball game on Coogee Beach or grab some friends for some photo-worthy moments in the Chinese Garden of Friendship.

Or if you’re more into sport, we host world-class sporting events including cricket, soccer and rugby. For the more artistic visitors, there are theatre productions, concerts and festivals (many of them free) to keep you entertained and inspired all year round. Get amongst it and join the fun in Sydney.

**WHY CHOOSE UNSW SYDNEY**

---

---
Take a quick tour

Top student city
We’re in the top 10 Best Student Cities* based on safety, welcoming international students and cost of living.

A swimmer’s paradise
There are over 100 beaches in Sydney spanning from harbourside alcoves filled with rockpools to the calm waters at Balmoral and Camp Cove. Or give surfing a go at the famous Bondi and Coogee beaches.

Cultural melting pot
Almost a third of our population were born overseas making us a truly multicultural city. Immerse yourself in community cultural or religious events throughout the year – including student events on campus.

Enjoy our style
Sydneysiders like to shop – particularly with local Australian designers. Head to nearby Paddington to discover boutique shops. Wander over to Surry Hills to find one-of-a-kind streetwear or visit the Sydney CBD for all the top labels and luxury brands.

Experience the Australian bush
There is a lot of green space in Sydney to enjoy. In the south of the city you can find one of Australia’s first national parks, Royal National Park, home to unique Australian plants, jaw-dropping coastal views and ancient Aboriginal art dating back thousands of years.

Art meets nature
Australia’s largest outdoor sculpture exhibit, Sculpture by the Sea, is held at Bondi Beach every year with large sculptures set against the backdrop of the cliffs and sea. It often features UNSW Art and Design students’ work. Get the selfie stick out for this. You won’t want to miss a photo opportunity.

*QS Best Student Cities, 2019
Take your first step towards UNSW
Prepare for university and make the most of your studies with our pathway programs. Choose from a range of options that suit your academic and English language skills, and the degree you plan to study. Master your skills and learn university-recognised content, so you can meet entry requirements and start your UNSW journey with confidence.

Get the support you need
You should consider a UNSW Global pathway program if you are an international student and you:
• Need additional support to help you progress from high school to university studies.
• Have not met the entry criteria for a UNSW degree.
• Have not finished high school.
• Need some additional English tuition.

Start your future at university
Once you successfully complete your pathway program and meet the entry requirements, you will be guaranteed a place in your chosen UNSW degree – and you can start shaping your dream career.

Explore our pathways

Your goals are personal. Just like our pathway programs. Discover how they can prepare you for your journey through university – and beyond.

Diploma Programs
Get into Second Year at university with this 12-month program in Business, Computer Science, Engineering or Science. See more on page 28.

Foundation Studies Programs
Prepare for First Year at university and start your degree strong with supportive programs designed for your skill level. See more on page 34.

Transition Program Online
Get degree ready without leaving home with this interactive and engaging short online program. See more on page 46.

Academic English Programs
Improve your English so you can focus on your studies and reach your full potential. See more on page 48.

*You may need to complete an Academic English Program before you start your pathway program.
For more information on entry requirements, see pages 48 and 47.

Ready to start your journey? See page 73.
A study mode for everyone

Take control of how you learn at UNSW Global. Our different modes of study work around your needs, goals and circumstances, so things like distance and time zones don’t stop you from progressing to a prestigious world top 50 university, UNSW Sydney.

Whether it’s face-to-face at our Sydney campus, 100% online or on campus in your home country, we have academic and English language programs to suit you.

Join us on campus, in Sydney
- Live and study in Sydney, Australia.
- Study and socialise face-to-face on campus.
- Be supported by dedicated staff, but still enjoy your independence.

Study in one of the world’s most beautiful cities and immerse yourself in the full university experience. You will enjoy access to all the top facilities a world-class campus offers and be taught by some of the best and brightest minds at UNSW. You will also get to know international students from across the globe in class or in one of UNSW’s many clubs and societies. All this will help you prepare for a successful university journey to UNSW Sydney.

Study online, anywhere
- Live and study in your home country.
- Experience interactive learning in real time, plus resources you can review in your own time.
- Improve your academic and English skills before moving abroad.

Prepare for your degree at a world top 50 university from anywhere with our online study options. All courses have been specially designed for online learning, with a focus on interaction, feedback and support to help you progress to the next level.

If you’re not ready to study abroad this year, the support you get at UNSW Global will prepare you personally and academically for your next move, a degree at UNSW Sydney. Learn the same curriculum as students studying at our Sydney campus, in the familiarity of your home country. Become a part of the UNSW Global family and learn from highly qualified teachers while studying at one of our partner campuses.

Study on campus, in your home country
- Study an international program while living in your home country.
- Study and socialise face-to-face on campus.
- Improve your academic and English skills before moving abroad.

To find out more about studying on campus go to page 16. For more online study information, go to page 46. And if you want to find out more about studying on campus in your home country, go to page 54.

Note: Foundation English Entry Course is offered at selected partner campuses.
Studying at UNSW Global Sydney campus is a great way to start your university journey. From world-class facilities and high quality, experienced teachers to a global student cohort and all the academic and personal support you need – it’s the perfect opportunity to immerse yourself in university life. You can join one of the hundreds of UNSW student clubs and societies, go on student excursions to meet new friends and be introduced to the best of what Sydney has to offer. You will feel safe and supported as you settle into one of the most liveable cities in the world – and prepare for academic success at university.

Small classes
with up to 20 students per class, so you receive individual attention.

University experience
with lectures and tutorials, for an easy transition to university learning.

Expert teachers
who are committed and experienced in teaching international students in an engaging and supportive manner.
Reach your full potential

Achieve your academic goals with our range of services and online resources. Our Student Services team is here to help you achieve your study goals and keep you on track during your UNSW Global journey.

Get the help you need
Ask questions and get additional one-on-one or small group support from experienced teachers, available every week.

Learn new skills
Join small group workshops designed to help you master more challenging ideas and skills.

Access top facilities
With UNSW’s world-class library, design studios, engineering and science labs, online resources and an after-hours Study Club, you can reach your potential faster.

Practice your English with new friends
Join the Conversation Club for a fun way to improve your speaking skills. Chat about things that interest you outside of the classroom and make new friends in the process.

Flexible, supportive learning
We focus our programs on ‘blended learning’: a combination of face-to-face teaching and online resources and support. It makes content accessible and learning more flexible, and gives you more opportunities to understand the course content.
Your supported learning journey

Our Student Services team is here to help you manage life at university, from advising on accommodation options and getting set up at UNSW Global to helping you study more effectively and looking after your health and wellbeing. If you need support or just have a question – we’re always here. And we can’t wait to get to know you.

Support from the start

We will be there for you from day one. Once you’re enrolled, we will help you navigate university in person, over the phone or by email. You can also prepare for your studies at UNSW Global with one of our wellbeing, study support and orientation sessions. We can even pick you up from the airport, at an additional cost.

And once you have settled in, you can explore our beautiful city and harbour by joining our guided Sydney Basics Tour.

Your first day

At Orientation Day, you will receive your student card, class timetable and learn more about student life in Sydney. You will also have lunch with your new classmates, meet teachers and take a UNSW campus tour with our Global Student Volunteers – current students who are very excited to meet you.

For more information, visit unswglobal.unsw.edu.au/student-support
Everything you need is right here
The UNSW campus has it all. A range of accommodation options, cafés, restaurants and supermarkets will keep you comfortable and fed. When it’s time to hit the books, there are indoor computer labs and outdoor study areas, so you can find the right vibe that suits your study style! Plus, our sporting facilities will keep you fit all year-round. It’s all here.

Your new social calendar
Get to know the city better with an introductory tour of Sydney, go on a student excursion to Luna Park, or cheer on the football team at a local game. Join Arc, UNSW’s student association to make local and international friends, and access over 300 student clubs and societies. And for a night out with friends, head to the iconic Roundhouse bar for concerts, dance parties and plays. You will never run out of things to do.

Look after your health
On campus, you have access to a range of health services. From a medical clinic and doctors, to an optometrist, dentist and physiotherapist. You can also look after your mental health with free, confidential consultations at Psychology and Wellness, our on-campus clinic.

Find work in Sydney
As an international student, you can have a part-time job while you study, and full-time during holidays. Join one of our writing or personal branding workshops or learn about your work rights to make sure you get the right job for you. Our Student Services team can also help with your job search in Sydney. Check your visa rules to make sure you’re allowed to work before you start looking for a job. Read the rules at immi.homeaffairs.gov.au

Get involved in the Global community
Volunteer with UNSW Global
If you want to further develop your professional and communications skills while studying with us, you can join the UNSW Global Volunteers. This is a great way to meet new friends while giving back to the Global community, by helping new students settle in and feel welcome.

You will assist in preparing and running student activities including events, orientation programs and guided tours. You will also get invites to exclusive events, free access to excursions you help with, and you will receive a letter of recommendation after volunteering for 10 hours or more.

To find out more information and how to join, email volunteer@unswglobal.unsw.edu.au

Get the full Sydney experience
Join over 60,000 students at the UNSW campus set in the heart of an active, vibrant and diverse community. You are just a short bus or light rail ride away from Sydney’s playground: famous beaches, parks, shopping districts and the city centre.
Settle into one of UNSW’s on- or off-campus student accommodation options. Whether you want to walk to your classes or be close to the beach and the city, we have a range of great living options. And if you are under 18, we have everything you need for a safe, supported transition to independence – making life-long friends with people from around the world along the way.

Here are some of our suggested living options, but if you need help finding the right fit for you, contact our Accommodation team at accommodation@unswglobal.unsw.edu.au.

Be at the centre of UNSW life
Suitable for: All ages
Approved for: Under 18 years old
Location: On campus or close by
More information: uniLodge.com.au/unsw or newcollege.unsw.edu.au

Start your independence with confidence while living on campus or close by. This could be the perfect choice if it’s your first time away from home. You will have space and freedom but also plenty of support, whenever you need it. Enjoy your own private room and access to all the facilities you need. Some providers even offer the option to include all your meals!

Enjoy college life
Suitable for: Over 18 years old
Approved for: Under 18 years old
Location: On campus or close by
More information: accommodation.unsw.edu.au

There is a range of UNSW managed or independent college accommodation options available. Located on campus or nearby, you can choose from fully, partly, or self-catered accommodation. There is also a range of gender-specific options including male-only, female-only and mixed. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

Find your place at UNSW Apartments
Suitable for: Over 18 years old
Location: On campus or close by
More information: accommodation.unsw.edu.au

For a more independent lifestyle, living with other UNSW students, you can find apartments on and off campus. Whether you want to live with flatmates or you’re after a more stylish space, you will find your place at UNSW Apartments. Costs vary depending on the number of rooms and the location.

Be part of an international Sydney student community
Suitable for: All ages
Approved for: Under 18 years old
Location: Near campus or Sydney city centre
More information: urbanelist.com.au or scope.com

Join an active community of students just like you. Live in your own secure studio or apartment near campus or the city centre and meet people from other universities. With modern onsite facilities and staff who are there to help you day or night, this option is suitable if you’re under 18 or just want to make new friends from around the world.

Immerse yourself in local culture with Homestay
Suitable for: All ages
Location: Across Sydney region
More information: unswglobal.unsw.edu.au/accommodation

Learn about the local culture while living with an Australian family. You will have your own fully furnished room, access to all the facilities, and breakfast and dinner taken care of. Gas and electricity expenses are generally included in the rent.

Go your own way
Suitable for: Over 18 years old
Location: Across Sydney region

Renting privately can often be more affordable and flexible, depending on where and what you rent. Costs can range from A$250 – A$350 per student, per week in a shared house or apartment.

The Australian Department of Home Affairs requires students to have the financial capacity to cover living costs of at least A$20,290 per year (not including course fees). This means that you will need approximately A$31,700 per month for accommodation, food, utilities and entertainment but the actual costs will depend on your lifestyle choices and needs. You should budget for around A$20,000 per year per adult. Below is an estimate of how much your expenses will be each week.

Comparing costs
Make the right choice about where you live when you study at UNSW with these approximate living costs.

Note: Rental and living costs will vary based on the type and condition of accommodation, location, number of people you live with, and catering offered.

Book your accommodation in advance, so you don’t miss out on the one that’s right for you.
Under 18? We're here for you

If you are under 18 without your parent or a guardian in Sydney, our Under 18 Care Program is perfect for you. We make your experience living and studying in Australia fun, easy and safe.

We have cared for and supported thousands of young international students like you over the years. Our dedicated team is highly trained to help you with all aspects of life in Australia – whether it’s arranging the right accommodation, supporting your studies or looking after your health. And we set some simple rules to make sure you stay safe and make the most of your studies.

Under 18 visa requirements
If you are under 18 years old and want to study in Australia, you can meet additional visa requirements in two ways:

1. Join the UNSW Global Under 18 Care Program. You will need to complete some forms to apply but our friendly Admissions team will guide you through the process.
2. Live with your parent or nominated guardian in Sydney. You will need approval from the Australian Department of Home Affairs.

For more information, visit unswglobal.unsw.edu.au/under-18-care or immi.homeaffairs.gov.au and search for ‘Welfare arrangements for students under 18’.

What you will experience

An orientation session specifically designed for under 18 students gives you the opportunity to meet your Student Advisers, get familiar with under 18 Student Rules and find out what support is available.

Regular meetings with Student Advisers help keep your studies on track, and check in on your health and wellbeing, social life and accommodation. They also offer you the opportunity to ask any questions you may have.

Accommodation assistance helps you resolve any issues or change your living arrangements.

Regular workshops help you develop skills to study more effectively and live independently.

Assistance with your transition to UNSW to help you plan for university, such as addressing any gaps between programs and arranging accommodation.

24/7 support for emergencies, if you need our help.

Peace of mind for your parents
We offer information sessions and webinars to help parents understand visa and enrolment requirements, university processes and expectations, and help them support you if you are studying online.

Our Student Advisers will communicate with your parents about your progress, health and welfare. They also work closely with various teams and services to make sure you feel supported and safe throughout your UNSW journey.
If you’re a high-achieving student with good English skills and big goals to study at university, a UNSW Diploma can get you there. This 12-month program in Business, Computer Science, Engineering or Science will launch you straight into Second Year of your chosen undergraduate degree.

Equivalent to First Year
As a Diploma student, you will study course content equivalent to your First Year of university, with all content recognised by UNSW – so you’re learning the same as students in a First Year degree program. You get more attention and support, so you feel confident when it’s time to progress.

Direct path to Second Year
If you just missed out on direct entry into UNSW and need some extra support, this program could be the best way to keep your university plans on track – without adding extra months or years on to your journey.

Supported and ready to succeed
You will have access to world-class UNSW facilities (like libraries, design studios, computer, engineering and science labs), clubs and societies from day one, with the added support of UNSW Global behind you. This means small class sizes with up to 18 students per class, and personalised consultations with your teachers. You’ve got this!

For more information, visit unswglobal.unsw.edu.au/diplomas

Your journey with one of our Diploma Programs

UNSW Diploma Programs CRICOS Provider Code 00098G

Diploma in Business
Diploma in Computer Science
Diploma in Engineering
Diploma in Science

Enter Second Year of a UNSW bachelor’s degree

Bachelor of Commerce
Bachelor of Science (Computer Science)
Bachelor of Engineering (Honours)
Bachelor of Science
**UNSW Diploma in Business**

Manage people, lead change and build lifelong career connections by studying business at UNSW.

A Diploma in Business will take you straight into Second Year of a Bachelor of Commerce at UNSW Business School.

With an innovative First Year curriculum, you will learn how to recognise and analyse current global business challenges and opportunities, as part of your program. Then you will be ready to confidently choose a major from the range of data-focused, people-focused, global markets-focused and core business disciplines available as you progress.

**Intakes**
- January, May, August

**Duration**
- 12 months

QS World University Rankings by Subject, 2020

**Most employable graduates**

AFR Top 100 Future Leaders Award, 2020

“...The Diploma Program was tailored to be just like a regular First Year in a bachelor’s degree, which made it easier to progress into Second Year of my Computer Science degree. The program and the supportive environment prepared me for the rest of my journey at UNSW.”

– Yousif Mshat Khalid, Iraq

Diploma in Computer Science Current student at UNSW Sydney
UNSW Diploma in Engineering

Intakes January, May, August
Duration 12 months
Courses 8
Progression Second Year, Bachelor of Engineering (Honours) at UNSW
Indicative fees $33,400
Scholarships up to $57,500
CRICOS Course Code 095863M

Calling all future engineers! This is the pathway into Australia’s #1 Engineering faculty.

By completing a UNSW Diploma in Engineering, you will launch straight into Second Year of a Bachelor of Engineering (Honours) at UNSW.

Your First Year equivalent Diploma will give you a solid background in mathematics, natural sciences and computing to prepare you for learning knowledge and skills in the engineering discipline specialisation you choose as you progress to your degree. With such a great variety, you will build the career you want on solid foundations.

Your future at UNSW

When you progress to UNSW, you have the option to choose a degree major to prepare you for your future career.

Bachelor of Engineering (Honours) majors
- Aerospace Engineering
- Bioinformatics
- Chemical Engineering
- Chemical Product Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Environmental Engineering
- Materials Science & Engineering
- Mechanical Engineering
- Mechanical & Manufacturing Engineering
- Mechatronic Engineering
- Mining Engineering
- Petroleum Engineering
- Photovoltaics & Solar Energy
- Quantum Engineering
- Renewable Energy Engineering
- Telecommunications

Career opportunities
- Aerospace Engineer
- Bioinformatics Engineer
- Civil Engineer
- Chemical Engineer
- Computer Engineer
- Electrical Engineer
- Mechanical Engineer
- Mining Engineer
- Petroleum Engineer
- Telecommunications Engineer

UNSW Diploma in Science

Intakes January, May, August
Duration 12 months
Courses 8
Progression Second Year, Bachelor of Science at UNSW
Indicative fees $38,400
Scholarships up to $57,500
CRICOS Course Code 095862A

Our world needs more problem solvers. Spark your curiosity and make a difference by studying science at UNSW.

Completing a UNSW Diploma in Science will launch you straight into your Second Year of a Bachelor of Science at UNSW. Your STEM career starts here.

The Bachelor of Science is a broad degree that allows you to learn fundamentals of biology, chemistry and physics before specialising and focusing on your future. And in your Diploma year, your learning is equivalent to those in their First Year of their bachelor’s degree.

Your future at UNSW

When you progress to UNSW, you have the option to choose a degree major to prepare you for your future career.

Bachelor of Science majors
- Anatomy
- Biology
- Chemistry
- Food Science
- Genetics
- Marine and Coastal
- Materials Science
- Mathematics
- Microbiology
- Molecular & Cell Biology
- Pathology
- Pharmacology
- Physical Oceanography
- Physics
- Physiology
- Statistics

Career opportunities
- Environmental Scientist
- Epidemiologist
- Geophysicist
- Hospital Technician
- Marine Biologist
- Medical Doctor
- Medical Lab Scientist
- Nutritionist
- Pharmacist
- Science Educator
- Scientist
- Veterinary Science

Note: Diploma in Science students must achieve a satisfactory grade equivalent to D with a minimum pass for all other courses to progress to Second Year of the relevant degree program at UNSW. If you wish to study a major not on this list, you may be eligible to receive credit for courses that are common.

Top 50 in the world
for Anatomy, Environmental Sciences, Earth & Marine Sciences, Materials Sciences, Mathematics

“Sharing and learning from my peers helped me grow as a student and made me feel part of the UNSW community.”

~ Claudia Velda Widjaja, Indonesia

Note: Scholarship amounts are indicative and are based on current fees. Some scholarships may increase program duration.

Current student at UNSW Sydney
A UNSW Foundation Studies Program is your supportive pathway to the First Year of any UNSW degree. Our programs are designed to suit your academic and English skills and prepare you for studying at university.

Flexible entry points
If you’ve just missed out on entry or need help to meet English and academic requirements for a bachelor’s degree, our range of Foundation Studies Programs is for you. The programs are tailored to different abilities and move at a pace that works for you – with the right support and flexibility to reach your study and career goals faster.

Be degree ready
A UNSW Foundation Studies Program suits every career path. Do you want to study a degree in Architecture, Business, Cyber Security, Medicine, Quantum Engineering or any of our hundreds of other professional pathways? There’s a Foundation Studies Program that will get you there. The content you study has been developed in consultation with the UNSW faculties so you will be prepared for your degree.

A supportive pathway
You will enjoy a personalised learning experience with individual support from dedicated and experienced teachers. Plus, regular feedback and ongoing assessments will keep you moving forward. Prepare to challenge yourself, get ready for life at UNSW and make lasting friendships along the way.

UNSW Global provides students with a supportive learning experience through:

**Assisted learning**
- Small classes
- Personalised learning
- English language support

**Academic support**
- Online resources
- Continuous feedback
- Study groups and workshops

**Social support**
- Peer support
- Social clubs and societies
- Fun activities
This is your stream for a degree in:
- Arts
- Criminology
- Economics
- Education
- International Studies
- Media
- Social Science

This stream will cover subjects such as:
- Academic English
- Computing
- Cultural Studies
- International Issues
- Management
- Maths

Do you want to change the world through science, technology, innovation or design? Maybe you’re dreaming of a career in engineering or running your own business?

Choose the stream that will get you there.

A stream is the area of study that will help you prepare for the UNSW bachelor’s degree you want to complete. If you’re planning to study a UNSW Foundation Studies Program or a UNSW Transition Program Online, you will need to choose the stream which aligns to your preferred degree.

Which stream is right for you?

**Arts & Social Sciences**

**This is your stream for a degree in:**
- Arts
- Criminology
- Economics
- Education
- International Studies
- Media
- Social Science

**This stream will cover subjects such as:**
- Academic English
- Computing
- Cultural Studies
- International Issues
- Management
- Maths

**Design & Architecture**

**This is your stream for a degree in:**
- Architectural Studies
- Arts
- Construction
- Management & Property
- Design
- Fine Arts
- Industrial Design
- Interior or Landscape Architecture
- Media

**This stream will cover subjects such as:**
- Academic English
- Computing
- Cultural Studies
- Design
- Maths

**Physical or Life Science**

**This is your stream for a degree in:**
- Biomedical Sciences
- Engineering
- Medical Science
- Medicine
- Psychology
- Science
- Technology

**This stream will cover subjects such as:**
- Academic English
- Biology
- Chemistry
- Computing
- Maths
- Physics

**Commerce or Actuarial Studies**

**This is your stream for a degree in:**
- Accounting
- Actuarial Studies
- Economics
- Finance
- International Business
- Marketing
- Some Law degrees

**This stream will cover subjects such as:**
- Academic English
- Accounting
- Business Law
- Computing
- Economics
- Management
- Maths

For more information, visit [unswglobal.unsw.edu.au/foundation](http://unswglobal.unsw.edu.au/foundation)

For a full list of degree programs and entry requirements, see page 64.

If you would like advice on which stream to choose for your preferred degree program, contact UNSW Global Admissions at [admissions@unswglobal.unsw.edu.au](mailto:admissions@unswglobal.unsw.edu.au)
Challenge yourself
As part of your Foundation Studies Program, you will get to make the most out of your studies with academic, social and wellbeing activities. Over five action-packed days, called Challenge Week in Term 1 and 2, you will test your skills, push your boundaries and get set for success at university.
Challenge Week is a great opportunity for you to check your progress, build strong connections and get to know your local community. You will learn about yourself, your course and how to kickstart your exciting journey at UNSW.
You will do activities like:
- Taking part in Conversation Club to improve your English
- Practicing mindfulness to look after yourself
- Going on excursions to places relevant to your studies
- Meeting people from different cultural backgrounds
- Planning for your future at UNSW and meeting faculties
- Attending UNSW and career pathway orientation.

Connect
Meet new people and make lifelong friends through a week packed with challenging tasks and fun activities.

Grow
Boost your knowledge and skills with new tasks every day during Challenge Week.

Succeed
Achieve more by learning about yourself, your course and your world.

Scholarships
Scholarships of up to A$7,500 are available for high-achieving students entering Foundation Studies Programs.
For more information, visit unswwglobal.unsw.edu.au/scholarships

“I really enjoyed Foundation Studies because of the diversity of students, the welcoming teachers and all the academic knowledge I gained. It helped me understand how to study in Australia, which was really helpful once I started my Commerce degree at UNSW.”

– Maria Andreanna Santos, Philippines Foundation Studies Program
Current student at UNSW Sydney
Succeed at university with better English

If you want to improve your English skills before you start your university journey, our Academic English Programs are for you. They help you focus on your studies and make reaching your goals easier.

Something for everyone
These courses are suitable for various English levels and help develop your academic language skills quickly. The range of courses also help you prepare for the study path you want to take.

Prepare for the next step
If you want to meet the English entry requirements for one of our pathway programs or a UNSW degree, these flexible courses help you get there.

Supportive, practical and engaging
Learn English at your level in small classes with lots of support, and regular feedback and assessments. Industry-leading teachers will help you develop critical thinking skills through engaging and interactive classes, online and in-person.

Which English Program is right for you?

- University English Entry Course (UEEC)
- UNSW Diploma Program
- UNSW bachelor’s degree
- UNSW master’s degree
- UNSW Foundation Studies Program
- UNSW Foundation English Entry Course (FEEC)
University English Entry Course (UEEC)  
**Get university level English skills**

Achieve your English goals and get into the UNSW diploma or degree you want in 20 weeks or less with UEEC. Be among the 90% of UEEC students who progress to UNSW.

With UEEC you will:
- Improve your academic English language, writing and digital skills.
- Progress straight to UNSW when you complete UEEC successfully.
- Feel confident and ready to study at university.
- Learn content based on UNSW lectures and readings.
- Develop collaborative and independent learning skills.
- Receive individual feedback so you keep getting better.

For course entry requirements, dates and fees see pages 69, 69 and 70.

Learn to:
- Give academic presentations.
- Contribute effectively and confidently to discussions.
- Read university-level text.
- Develop independent learning strategies.
- Understand lectures, discussions and media reports.

*You can study UEEC online, our 10-week English Program taught fully online. For more information on this course, please see page 52.*

For more information, visit unswglobal.unsw.edu.au/ueec

Foundation English Entry Course (FEEC)  
**Your journey to a smoother pathway**

Improve your English language skills before starting your Foundation Studies Program. No more English tests, just meeting goals.

With FEEC you will:
- Progress into a Foundation Studies Program when you complete FEEC successfully.
- Learn from qualified and experienced teachers.
- Make new friends.
- Get personalised one-on-one support.
- Develop new skills with additional communication and writing workshops.
- Build your vocabulary with weekly reading and listening tasks.

For course entry requirements, dates and fees see pages 62, 69 and 70.

Learn to:
- Present, discuss and contribute to group work.
- Take notes in lectures.
- Read academic texts and develop research skills.
- Write in an academic tone.
- Use the appropriate grammar and pronunciation.
- Develop independent learning strategies.

*You can complete FEEC from your home country. For more information on this course, please see page 54.*

For more information, visit unswglobal.unsw.edu.au/feec
Tertiary Orientation Program

Prepare for life and learning at UNSW

Feel prepared for studying at UNSW and build confidence in your English ability with the Tertiary Orientation Program. Designed for students with a full offer to UNSW or with an IELTS of 6.5, you develop academic communication and literacy skills related to your field of study, and learn about Australian university culture. Over five weeks, you learn how to use academic search tools and the UNSW portal while building your confidence in managing assignments. Immerse yourself into life at UNSW and Sydney, meet friends, discover UNSW clubs and societies and feel fully prepared to start your university degree.

For more information, visit unswglobal.unsw.edu.au/top

Essential Academic English

Build your academic English skills

Prepare for UEEC or FEEC with Essential Academic English (EAE). Develop your academic reading, writing, speaking and thinking skills and improve your pronunciation over 10 weeks. Get familiar with real UNSW course materials and learn from highly qualified and experienced teachers.

For more information, visit unswglobal.unsw.edu.au/eae

"The Academic English Programs really helped me with developing my study skills. I learnt about the best way to format notes in lectures and how to succeed at my current undergraduate degree at UNSW."

– Meiwei Chen, China
Academic English Programs
Current student at UNSW Sydney
Prepare for university from anywhere

If you want to prepare for success at a world top 50 university but you’re not ready to relocate, studying online is the perfect pathway option. Together, UNSW Global and OpenLearning have the knowledge to bring the best online learning experience to you, so you’re ready for your UNSW Sydney degree – wherever you are in the world.

Connect, learn and prepare for university with our UNSW Transition Program Online. Accelerate your English study in 10 weeks with a University English or Foundation English program. Discover a better way to learn online, with UNSW Global.

Don’t let distance stop you, study online

There are so many benefits to studying online before you take your first steps on campus. We have worked with OpenLearning to transform the digital experience for students, delivering fully online programs that put you and your learning outcomes first.

Designed for digital

Our purpose-built online programs develop your independent learning skills through university-recognised content and dedicated academic support. With real-time interactions and interactive feedback through an easy-to-use platform, you will be ready to take the next step.

Learn from home

If you are not ready to live abroad or want more time to save for relocation, UNSW Global’s online programs take the pressure off. You’re surrounded by the comforts of home, while achieving the same outcome – progressing directly to an undergraduate degree at the world-renowned UNSW Sydney.

Supported for success

You will study in small groups, with lots of interaction between students and highly qualified, experienced teachers. OpenLearning’s online platform makes your learning more active and collaborative, so you will be able to connect, discuss and reflect with others. All while studying in your own time zone, developing the practical, academic and English skills you need to thrive at one of the best universities in Australia.

Direct entry to UNSW Sydney

Choosing to study online, you achieve the same outcomes as studying on campus, including guaranteed entry to UNSW Sydney. You also do not need a visa to study online, so that gives you flexibility and less paperwork to get you started.

With our online study mode, you will:

Be taught and supported by experienced, engaging teachers.

Enjoy a mix of interactive, real-time classes and independent learning resources you can study in your own time.

Learn UNSW curriculum from wherever you are.

Learn collaboratively and independently with OpenLearning’s advanced online platform.

Be taught and supported by experienced, engaging teachers.

Enjoy a mix of interactive, real-time classes and independent learning resources you can study in your own time.

Learn UNSW curriculum from wherever you are.

Learn collaboratively and independently with OpenLearning’s advanced online platform.
UNSW Transition Program Online

Your online pathway to university success

Transition Program Online is a short four-month program that prepares you to start a degree at a world top 50 university, from anywhere in the world. It is recommended for students who narrowly missed the academic or English language requirements for direct entry into UNSW.

Study mode Online
Intakes February, March, July, August, November
Duration 4 months (16 weeks)
Progression First Year, any UNSW bachelor’s degree
Eligibility Non-student visa holders
Indicative fees A$15,960

A new way to study online
You will connect with your peers, teachers and a nominated Study Coach every day, working together to learn university-recognised academic content and develop practical skills for university.

Choose your stream
• Actuarial Studies
• Commerce
• Design & Architecture
• Life Science
• Physical Science

Learn more about streams and what they mean for your degree on page 37

Progress to UNSW in four months
When you successfully complete your pathway program and meet the grade point average (GPA) and English language requirements, you will be guaranteed entry to your chosen UNSW bachelor’s degree via a provisional offer.

A supportive, connected experience
Study in small groups, with lots of interaction between students and teachers.

Daily check-ins
See and chat with friends and study coaches every day, for supported planning and feedback sessions that will help you stay on track. All while studying in your own time zone, developing the practical, academic and English skills you need to thrive at university in Australia.

Transition Program Online
UNSW Global’s online Academic English Programs are a great way to improve your English language skills before taking the next step on your path to university in Australia. The University English Entry Course Online (UEEC Online) and Foundation English Entry Course Online (FEEC Online) offer all the benefits of studying online with all the same learning outcomes as on-campus study.

- Study from anywhere in the world.
- Progress on your journey toward university.
- Build vital English language and academic skills.
- Improve confidence and make friends before you move abroad.

Improve your English from home.
University English Entry Course Online (UEEC Online)

Get university ready from home

With UNSW Global’s UEEC Online you can be university ready in just 10 weeks, with no additional English test required.

Designed for online study
This fully online English language program is designed for direct entry to university, using real UNSW lectures, readings and assessments. Delivered by UNSW Global teachers on the OpenLearning platform, you will be interacting with your peers and studying collaboratively.

Easy navigation
The user-friendly online platform has been designed to make it easier to focus on your goals – like reading, writing and presenting university-level content in your own discipline. Simply log in, and you’re ready to learn.

Regular feedback and assessment
Online assessment and regular feedback from teachers help you improve quickly and check your progress.

Foundation English Entry Course Online (FEEC Online)

Your online English pathway

With FEEC Online, you will be in the best position to start your Foundation Studies Program either on campus in your home country or in Sydney.

It is also a pathway to Transition Program Online, which you can read more about on page 48.

Progress to Foundation Studies
Once you pass this program you are automatically qualified for entry into a Foundation Studies Program.

Make new friends
Learning in small groups, you will make friends with people in the same time zone that are on the same journey as you.

Practical and personalised
You will build your vocabulary with weekly reading and listening tasks, develop new skills with additional workshops and get personalised one-on-one support.

Note: The Foundation English Entry Course Online and University English Entry Course Online delivered by UNSW Global are not subject to the Australian education regulatory framework. International students studying these programs are not eligible for Australian student visas. International students can apply for an Australian student visa once they progress to their next qualification onshore in Australia.
Do you want to start your journey to a world-renowned university without leaving your home country?

One of our partner campuses is a great option for you. UNSW Global runs its Foundation Studies Program and Academic English Programs at carefully selected overseas campuses. You will be learning the same UNSW approved curriculum as students on campus in Sydney, delivered by highly qualified local teachers who are experts in their fields. You will be fully supported as part of the UNSW Global family and be prepared to take the next step with guaranteed entry into a degree at UNSW, upon meeting the entry requirements.

**Study on campus, close to your home**

Do you want to start your journey to a world-renowned university without leaving your home country?

One of our partner campuses is a great option for you. UNSW Global runs its Foundation Studies Program and Academic English Programs at carefully selected overseas campuses. You will be learning the same UNSW approved curriculum as students on campus in Sydney, delivered by highly qualified local teachers who are experts in their fields. You will be fully supported as part of the UNSW Global family and be prepared to take the next step with guaranteed entry into a degree at UNSW, upon meeting the entry requirements.

**A flexible and convenient way to learn**

Studying at one of UNSW Global’s partner campuses means you can select the right pathway for the degree you want to study in Australia. There are programs to suit many English language levels and with up to three intakes a year, there will be a program to suit your schedule. Starting your international university journey in your home country allows you to focus on perfecting your English and academic skills, without the extra pressure of settling into a new home.

**Your pathway to a prestigious global university**

Australian universities use different teaching methods to high schools, so while you’re building your academic and English language skills, you’re also learning how to be a high-achieving student at a competitive global university.

**Direct entry to UNSW Sydney**

By studying at one of our partner campuses, you achieve the same outcomes as studying on campus in Sydney, including guaranteed entry to UNSW Sydney when you successfully complete your Foundation Studies Program.

To find a partner campus in your home country, visit [unswglobal.unsw.edu.au/campus-locations](http://unswglobal.unsw.edu.au/campus-locations).

**By studying at a partner campus, you will:**

- Study UNSW approved curriculum while still living in your home country.
- Study and socialise on an international-style campus.
- Improve academic and English skills before moving abroad through programs taught in English.

“Although the opportunity to study in Australia was appealing, I wasn’t ready to leave my home country when I started my Foundation Studies. During the program, our teachers provided us with encouragement, understanding and patience. The academic curriculum and all the help fully prepared me for my Bachelor of Commerce studies at UNSW.”

— Elena Soegiharto, Indonesia Foundation Studies Program Current student at UNSW Sydney
### Academic entry requirements

At UNSW Global, every application we receive is carefully considered. Students will receive an offer to the relevant program based on their academic and English test results.

The entry requirements listed are a guide only and are subject to change. For the most up-to-date information and additional qualifications, please visit [unswglobal.unsw.edu.au](http://unswglobal.unsw.edu.au).

---

*Note: There may be specific subject requirements depending on your intended degree program; for example, a minimum grade in mathematics or science subjects may be required. To be eligible for entry, students must be at least 16 years of age at the time of commencement.

For more information and the most up-to-date entry requirements, visit [unswworld.unsw.edu.au](http://unswworld.unsw.edu.au)
English entry requirements
for UNSW degree or a UNSW Diploma Program

Before starting a UNSW degree or a UNSW Diploma Program, you will need to have reached a minimum level of English language proficiency. If you have other English qualifications to the ones listed below, you may still apply to enter these programs.

Contact admissions@unswglobal.unsw.edu.au for more information.

Depending on your level of English, you may need to study an Academic English Program. This may consist of between 10 and 30 weeks of additional English language tuition in our University English Entry Course and Essential Academic English course.

The entry requirements listed are a guide only and are subject to change.

For more information and the most up-to-date entry requirements, visit unswglobal.unsw.edu.au/diploma-entry-requirements, unswglobal.unsw.edu.au/ueec and unswglobal.unsw.edu.au/eae.

For information on how to calculate your Foundation Studies Program GPA, visit [unswglobal.unsw.edu.au/calculating-your-grade-point-average](http://unswglobal.unsw.edu.au/calculating-your-grade-point-average).

### UNSW undergraduate requirements

#### Foundation Studies Program GPA

You will need to decide which UNSW degree program you would like to study when you are applying for a Foundation Studies Program. If accepted, you will receive an offer for your UNSW global program and a provisional offer for your UNSW degree. Once you have completed your Foundation Studies Program and achieved the entry requirements, you will receive a full offer from UNSW and progress to your degree!

For information on how to calculate your Foundation Studies Program GPA, visit unswglobal.unsw.edu.au/calculating-your-grade-point-average.

**Additional entry requirements**

In addition to meeting the academic entry requirements, other selection criteria may apply before you can progress to UNSW. To view conditions and/or prerequisites, visit unswglobal.unsw.edu.au/degree-notes.

Students who become Australian permanent residents or Australian citizens during a Diploma Program will be subject to additional competitive processes for entry to an UNSW degree program.

**UNSW undergraduate entry requirements for Diploma Program students**

Diploma students must achieve a Satisfactory Grade (equivalent to IELTS 7.0) for the Communication and Academic Literacy course and a minimum pass for all other courses (with an overall average of 60%) to progress to Second Year of the Bachelor of Commerce at UNSW.

Diploma in Business students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy course and a minimum pass for all other courses to progress to Second Year of the relevant degree program at UNSW.

Note: Fees listed in this guide are indicative tuition fees approved for the 2021 calendar year intake, and are for tuition only - other fees and charges are not included.

For more information on Diploma Program tuition fees, visit unswglobal.unsw.edu.au/diploma-tuition-fees

For more information on non-tuition fees, visit unswglobal.unsw.edu.au/additional-fees

UNSW Pathway Scholarships
If you are a high-achieving international student, you may receive up to A$7,500 towards your Foundation Studies or Diploma Program at UNSW Global.

For more information, visit unswglobal.unsw.edu.au/scholarships

UNSW Global Academic Award
If you successfully complete a Foundation Studies Program and will go on to study a UNSW degree, you may be eligible for a one-year scholarship worth up to A$10,000.

For more information, visit international.unsw.edu.au/international-scholarships

Ross Woodham Scholarships
If you excelled in your Foundation Studies Program, and you will go onto study a degree at UNSW, you may be eligible for a Ross Woodham Scholarship in the value of up to A$10,000.

For more information, visit unswglobal.unsw.edu.au/scholarships

Note: Terms and conditions apply. Students studying Transition Program Online or Academic English Programs are not eligible for UNSW Global scholarships.
How to apply

Step 1 – Choose your degree
Choose your UNSW Sydney degree, so you can work out which stream you will study with us.
For more information, visit unswglobal.unsw.edu.au/unsw-degree-choices

Step 2 – Check entry requirements
Choose a UNSW Global course or program based on the below entry requirements.
- Academic entry requirements, on page 56
- English entry requirements, on page 60

Step 3 – Prepare your documents
You will need certified copies of the following:
- Academic qualifications (translated into English)
- Evidence of English language proficiency (if applicable)
- Passport, visa or birth certificate
For more information, visit unswglobal.unsw.edu.au/document-certification

Step 4 – Apply online
Scan the QR code below to apply online, alternatively if you want to study;
- a Diploma Program, visit apply.unsw.edu.au
- a Foundation Studies Program or Academic English Program, visit apply.unswglobal.unsw.edu.au
- Transition Program Online, visit openlearning.connect.studylink.com
If you are an agent submitting an application to Transition Program Online, visit partner.studylink.com

Step 5 – Accept your offer
Once we approve your application, you will receive a Letter of Offer with instructions on how to accept your offer and pay your deposit or fees.

Step 6 – Apply for your visa
If you are going to study in Sydney, you will need to apply for a visa. To do that, you will need an electronic Confirmation of Enrolment (CoE), which you will receive after you have completed step 5.
For information on how to apply for a student visa, visit homeaffairs.gov.au/Trav/Stud

Step 7 – Attend orientation and start your studies
You will receive information about your orientation session by email. It is compulsory to attend, whether you’re studying face-to-face or online, as it is a crucial step for your success with us. After Orientation Day, you are ready to begin your UNSW Global studies.

For more information on how to apply, visit unswglobal.unsw.edu.au/how-to-apply

Note: If you're under 18 years old, you will need additional documents. Read more at unswglobal.unsw.edu.au/under-18-authorisation
Keep your study goals on track during COVID-19

Continue your studies online

We are always here to help you achieve your goals, no matter where you are in the world. At the time of printing this guide, there are still restrictions on travelling to Australia, due to COVID-19. However, you can study all our world-class Diploma, Foundation Studies or Academic English Programs online, to keep your university goals on track. You will develop the skills you need to start your UNSW degree on campus, with confidence.

Use your time wisely and study online

By studying with us online, you can start learning the same content and skills you would face-to-face, right now. And once we can welcome you, you can continue your studies on campus. Our online programs have over 90% satisfaction rating, helping more students progress to their degrees at UNSW. This comes down to the quality of our programs and expert academic staff, offering the same level of guidance, degree aligned coursework and personal support as face-to-face learning.

Scan the QR code to see UNSW student, Mohona’s online learning journey.

Feel connected

Whether you’re in Sydney or in your home country, you can make new friends and get involved with the student community online. There’s online games, movie and conversation clubs, and cooking and photography challenges. You will surely find something that suits you.

Follow us on our social channels to keep up to date and stay connected.

By getting involved now, you will be ready to make the most of your experience when it’s time to join us on campus.

Support when you need it

And if you need academic or personal support, our Student Support and Services teams are here to help. You can get in touch with a Student Advisor for help with:

- General study skills
- Assistance with online learning platforms
- Personal and family issues
- Financial difficulties
- Enrolment changes
- Understanding UNSW Global policies and procedures
- Accessing support if you are experiencing distress
- Advice about services available and where to get help
- Requesting education adjustments if you need additional support

Scan the QR code for Sophie’s tips on how to stay organised.

“Being able to start my university degree as planned is the biggest benefit to studying online with UNSW Global. I’m learning everything I need to, and I’m not delayed at all.”

– Sophie

You can keep learning from anywhere, anytime with UNSW Global.

For more information about studying online, visit unsglobal.unsw.edu.au/online-learning or contact our Admissions team.
All pathways lead to UNSW Sydney

No matter what path you choose, UNSW Global programs will get you on track to studying the right degree – and help launch your global career. We’re looking forward to supporting you along the way and welcoming you at our Sydney campus.

Scan the below QR code and get a sneak peak at what it’s like studying at UNSW by taking a 360 degree virtual tour of our UNSW Sydney campus.
